COMPANY PROFILE

Intercon Agro-Industrial Corporation (IAIC) is a private family corporation established in 1986 to engage in various kinds of Sheet Metal Fabrication.

In **1990**, seizing market opportunities, the company ventured into and quickly became one of the leading manufacturers of Perforated Sheets, Expanded Metals, Checkered Plates, Wire Screen Nettings and Gratings in the country. At IAIC, we offer a wide range of readily available sizes and also provide quick and timely made-to-order services to meet customers' special needs.

In **2002**, **IAIC** also entered the Racking System Shelvings Industry with its revolutionary and unique boltless racks. IAIC also produces display racking posts and shelves and other metal racking components which are used as modules by various industries in warehousing or in product display.

Recently, in keeping with our long-standing company mission to offer quality, hassle-free and now a ONE STOP SHOP service to all our customers, **IAIC** also invested heavily in modern machines to offer services such as EDM Wire Cut, EDM Die Sinking, EDM Drill, CNC Machining & Engraving, Turning (Lathe), Milling, Planning, Surface Grinding and Cylindrical Grinding, in the production of Tool & Die Molds, Tools, Machine Parts, Stamping Die & Embossing Die and Cutters & Blades.

E.D.M. Wirecut Machines:

- 2535A
- GS3240X6H16
- DK77
- GS4050T40H50
- GS 70120T6H60
- GS4050T6H40

E.D.M. Die Sinking:

- GS430

E.D.M. Drill:

- D703F

CNC Lathe Machines:

- GT30i CNC Lathe
- GT36i CNC Lathe

We, at **IAIC**, continue to dedicate all our efforts in bringing superior products and services to keep our customers satisfied and loyal. We are proud to report that IAIC has been successfully serving the following industries for over a decade:
